± "PORCHES"... There are still issues with some tenants not following the rules!! (I am to blame for not staying on top of this) You can have a few (NO MORE THAN 5) pots on your porch- A small table and chair, NO MORE CLUTTER !!! This is a VERY IMPORTANT issue and has to be resolved!! There will be consequences for those who do not comply. Russell and I will be walking around twice a month to make sure you are all complying. On your Lease Agreement you signed at move-in, the rules and regulations are there!
THANK YOU.
