Can we all try harder to be kinder and more friendly with our neighbors!! Remember that this is a place that you will all be- and have been, for many years and its just not worth it to be unkind and unfriendly with each other. You do not have to be best friends but if we can all just be kind and be respectful to our neighbors and help make this a more friendly, happier place to live.!

Most people are nice when you finally see them—and Happiness is not by chance but by choice !!
